

Design your own Active August flag!

Instructions

Step 1

Draw and colour your design on the flag template on the next page!

Step 2

Cut out the template and fold it in half along the dotted fold line.

Step 3

Find a stick to be the handle. A long craft stick is best, which you can pick up from Prism Arts for free. Or you can use a pencil, paint brush, or even a smooth stick from your garden.

Step 4

Place your handle inside the flag and stick the blank sides together using glue or tape. You now have an Active August flag!

Step 5

Share it with us!

Take a selfie with your flag on your Active August Challenge and post it online with the hashtag:

#ActiveAugust

ACTIVE AUGUST 2023
